

# PatellaDENTAL

Thank you for choosing Patella Dental as your family dental practice. Your comfort is one of our highest priorities – we want you to look forward to your visits with us. Our team is personable, the environment is comfortable, and we offer services like conscious sedation for those with advanced dental anxiety. Each time you visit, you will be greeted by the same familiar team and if you ever need treatment, you will be treated by Dr. Patella. You'll never have to worry about being seen by someone who is unfamiliar with your specific needs. Please don't hesitate to let us know how we can make your first visit the best one yet!

We do our best to make you aware of your current dental conditions and to provide you with a variety of options for treatment if necessary. At your initial visit, we have a complete plan prepared for you. We will:

- Introduce you to our team
- Reiterate the events that will take place during your visit
- Focus on your primary dental concern(s)
- Take a set of pictures and x-rays that you will be able to view immediately - we feel it's important for you to work alongside us to identify anything we may recognize as being a potential issue
- Perform a comprehensive exam of the head/neck region
- Check for "gum disease," oral cancer, and dental conditions
- Prepare a treatment plan and an accurate fee estimate and help you with any financial arrangements

We focus heavily on maintaining your best oral health and preventing chronic conditions like gum disease. We will work with you to decide the best time to schedule your routine cleanings.

Please complete the included forms and bring them with you to your first visit:

- Registration/Medical History
- Notice of Privacy Practices
- Financial and Scheduling Agreement

We are located at 13592 River Road Suite #1, Destrehan, LA 70047. Please don't hesitate to contact us at (985)764-2351 or visit our website [www.joshpatelladental.com](http://www.joshpatelladental.com) for additional information. Our office hours are Monday through Thursday from 8:00a.m. – 5:00p.m.

Sincerely,

Dr. Patella and Team
